Over in the Meadow John M. Feierabend 2016-09 As part of

John M. Feierabend's continuing effort to preserve our

rich heritage of children's folksongs, GIA Publications,

Inc. is pleased to expand its series of picture books

based on these timeless songs and stories. Over in the

meadow... there lives a wonderful array of animals and

their young. This traditional folksong probably

originated in the United Kingdom in the sixteenth

century. In the Ozarks in 1882, Katherine Floyd Dana

(under the pen name Olive A. Wadsworth) wrote down the

words, and Mabel Wood Hill notated the music to be

preserved for generations to sing. Over in the Meadow

has not only served as a song to teach counting and

rhyiming, it is also a delightful introduction to the

wonderful natural world that we share with our animal

friends. Now lavishly illustrated by Marissa Napoletano

and collected by John M. Feierabend, this song is sure

to delight current and future generations. This song may

be downloaded in audio form at no charge at

giamusic.com/meadow. The fully notated version of this

song with all the words is included at the end of this

book, along with a detailed history of the song. A

beautiful take on a timeless story, this picture book is

another wonderful chapter in the continuing legacy of a

delightful, classic songtale
