The Social Cancer Jose Rizal 2009-06-01

Filipino national hero Jose Rizal wrote *The Social Cancer* in Berlin in 1887. Upon his return to his country, he was summoned to the palace by the Governor General because of the subversive ideas his book had inspired in the nation. Rizal wrote of his consequent persecution by the church: "My book made a lot of noise; everywhere, I am asked about it. They wanted to anathematize me ['to excommunicate me'] because of it ... I am considered a German spy, an agent of Bismarck, they say I am a Protestant, a freemason, a sorcerer, a damned soul and evil. It is whispered that I want to draw plans, that I have a foreign passport and that I wander through the streets by night ..."

The Uses of Enchantment Bruno Bettelheim 2010-12-22 Winner of the National Book Award and National Book Critics Circle Award "A charming book about enchantment, a profound book about fairy

tales."—John Updike, The New York Times Book Review Bruno Bettelheim was one of the great child psychologists of the twentieth century and perhaps none of his books has been more influential than this revelatory study of fairy tales and their universal importance in understanding childhood development. Analyzing a wide range of traditional stories, from the tales of Sindbad to “The Three Little Pigs,” “Hansel and Gretel,” and “The Sleeping Beauty,” Bettelheim shows how the fantastical, sometimes cruel, but always deeply significant narrative strands of the classic fairy tales can aid in our greatest human task, that of finding meaning for one’s life.

Ilustrado Miguel Syjuco 2010-04-27
Garnering international prizes and acclaim
before its publication, *Ilustrado* has been
called "brilliantly conceived and stylishly
executed . . . It is also ceaselessly
entertaining, frequently raunchy, and
effervescent with humor" (2008 *Man Asian*

Literary Prize panel of judges). It begins with a body. On a clear day in winter, the battered corpse of Crispin Salvador is pulled from the Hudson River—taken from the world is the controversial lion of Philippine literature. Gone, too, is the only manuscript of his final book, a work meant to rescue him from obscurity by exposing the crimes of the Filipino ruling families. Miguel, his student and only remaining friend, sets out for Manila to investigate. To understand the death, Miguel scours the life, piecing together Salvador's story through his poetry, interviews, novels, polemics, and memoirs. The result is a rich and dramatic family saga of four generations, tracing 150 years of Philippine history forged under the Spanish, the Americans, and the Filipinos themselves. Finally, we are surprised to learn that this story belongs to young Miguel as much as to his lost mentor, and we are treated to an unhindered view of a society

caught between reckless decay and hopeful progress. Exuberant and wise, wildly funny and deeply moving, Ilustrado explores the hidden truths that haunt every family. It is a daring and inventive debut by a new writer of astonishing talent.

How to Do Apologetics Patrick Madrid 2016-07-13 From one of the most respected names in Catholic Apologetics, Patrick Madrid, comes the new book *How to Do Apologetics: Making the Case for Our Faith*.

And it couldn't be more timely. Seismic cultural shifts and increased attacks on religious liberty often place Christians in the uncomfortable position of having to defend their beliefs — even their belief in God — when their Faith is called into question by atheists, agnostics, Protestants, or people from other religions. This book is the apologist's toolkit covering all the topics you need to understand and apply Patrick Madrid's own successful approach to giving reasons to believe. Using logic, arguments, and evidence to defend the Truth Apologetics with atheists, moral relativists, and non-Christians Special advice and examples for use with Protestants, as well as lukewarm or inactive Catholics Proven strategies for responding graciously to opponents Making a compelling case for God, Jesus Christ and the Catholic Church What you need to do apologetics well PLUS: Patrick Madrid's recommended books &

CDs, and a glossary of key apologetics terms! Patrick Madrid shows how YOU “can demonstrate confidently and effectively that Catholic teaching is reasonable, consistent, and compelling.”

The Octopus Frank Norris 2010-10-01 At first glance, wheat farming may not appear to be a scintillating topic for a novel, but in the hands of renowned social realist Frank Norris, this seemingly quotidian activity is transformed into a fascinating analysis of the economic factors that spurred the expansion into the western United States. The first novel in a planned trilogy that Norris never completed, *The Octopus: A Story of California* is an enlightening and gratifying read.
