Can Two Rights Make a Wrong? Sara J. Moulton Reger 2006 "This is the book for people who never get past page two of a management book--it is as close as the genre comes to being a compulsive page turner. Its main thesis is built on at least three big ideas that are individually persuasive and cumulatively compelling. They naturally fit into an alignment tool that is applied to the range of day-to-day and exceptional challenges all enterprises face, including the Holy Grail of transformational change." --Donald Macrae, general counsel and chief knowledge officer, Department for Environment, Food and Rural Affairs, England "Having been in the business of cultural transformation and alignment for many years, I've carefully looked for a thoughtful strategy and an intentional approach to bringing about healthy and thriving cultures. Can Two Rights Make a Wrong? is simply the best--it is the most thoughtful and practical work I've seen in this growing and critical area. This is a must buy!" -- Dr. Ron Jenson, Future Achievement International, international author, speaker, and consulting and executive coach "Can Two Rights

Make a Wrong? is a superb account of how to manage the 'soft side' of mergers and acquisitions, but it has great value for managing many other new business practices as well, such as Open Innovation. It provides a powerful, practical method to identify conflicts, develop alignment, and achieve effective coordination between two parties that would be tremendously helpful in a variety of collaborative contexts, such as alliances, research partnerships, or joint ventures. Moulton Reger and her colleagues at IBM should be congratulated for a thoughtful, insightful book." --Henry Chesbrough, professor at University of California Berkeley's Haas School of Business, author of Open Innovation "Numbers are neat and clean. Human beings are often messy and complex. If everyone in your organization knew what to do and when, how, where, and--most importantly--why to do it, how would your organizational culture be defined? The authors of Can Two Rights Make a Wrong? have introduced new ways to proactively address culture and, most importantly, tie it to bottom-line benefits." --James H. Amos, Jr., chairman emeritus, MBE/The UPS Store "This book is a must read for leaders hoping to change their organization's culture as well as those attempting to merge firms with uniquely different cultures. Moulton Reger's insights are grounded in theory and real-world experience. In this unique book, culture change is a complex concept broken down into bite-sized pieces and presented in a way that any leadership team can embrace at its own pace." --Merrill J. Oster, author of Vision Driven Leadership, founder Oster Communications, Inc. "Here at last is a business book that takes culture seriously and isn't intimidated by it. The method described can be used with practically any type of business problem in any industry, and the book does an excellent job of drawing on research and theory while keeping the focus practical. The three elements of Outcome Narratives, Right vs. Right, and Business Practices are significant ideas in their own right--each is a unique insight. All three ideas have been around in various guises for several years, but have not been as well crystallized or as focused on complex business problems as they are in this book. The authors' achievement is extraordinary and goes a long way toward making the juicy idea of culture

something to be built on and worked with." -- Peter Vaill, professor, Antioch University "The Achilles heel for any major organizational change is that organization's culture. In every change, consultants talk about culture, but few provide specific sequential steps designed to actually do anything about it. This book provides such steps, and provides them in ways that makes sense. 'Makes sense' is the key because the steps provided can be easily adapted to virtually any organization, large or small." -- George Falldine, Air Force civil servant, Air Force Materiel Command "Sara Moulton Reger is one of the premier organizational design consultants in the country, and this book reflects her in-depth knowledge of and experience with the subject matter. This book is essential reading for those striving to achieve greater results from ongoing change initiatives. Can Two Rights Make a Wrong? contains a broad range of concepts, examples, and specific steps culled from Moulton Reger's direct experience. Such a complete presentation of strategic and tactical advice makes Can Two Rights Make a Wrong? a mandatory addition to every manager's bookshelf." --Steven Bragg, CPA, author of twenty-eight business books, CFO of Premier Data Services "This is a serious book that gives intelligent guidance to anyone who leads an organization and takes creating and managing culture seriously. The section on Outcome Narratives is the best 'how to' on casting a unifying vision that I have seen. If you're a leader and take your role in creating and managing corporate culture seriously, then you should read this book." --Regi Campbell, principal, Seedsower Investments, author of About my Father's Business "I don't read most 'culture change' books--waste of time. This book is different. Can Two Rights Make a Wrong? combines both soft and hard approaches, with a continuous focus on how-to and results. Buy it. But, more importantly, read it." --Jack Grayson, founder and chairman, American Productivity and Quality Center (APQC) "We used Right vs. Right to help integrate an important acquisition--one that brought many differences we needed to carefully leverage to achieve IBM's business objectives. I found it to be a powerful technique for quickly reconciling strategic views of the business model and different operating

preferences. Now, a few months later, we have the business results--and employee satisfaction--to prove Right vs. Right works." --Jim Corgel, general manager, Small and Medium Business Services, IBM "Leaders wouldn't think about doing a major project without a plan and a project manager, but how many consider the cultural implications? This book fills a key void because it clarifies the topic of culture so that it is easier to understand, and includes examples for applying the framework to many types of situations, including business-to-business alliances and crossgeography teams." --Cindy Berger, vice president, American Express "There is no question that the biggest hurdle to achieving a successful merger is culture. Market opportunities may be staggering and synergies may seem perfect, but, without a cultural match, odds are the merged company will struggle. Can Two Rights Make a Wrong? can help you avoid the problems. Even if you are not contemplating a merger, Moulton Reger's deep insight provides an excellent management primer and interesting historical perspective. A worthwhile read." --John R. Patrick, author of Net Attitude, president of Attitude LLC "This is an excellent book that provides a pragmatic approach to identifying and alleviating cultural issues created when two groups of people must work together. Effectively blending business cultures is a key requirement for successful outsourcing, and most companies lack the tools necessary to do this. Companies looking to reduce outsourcing risk should follow IBM's Tangible Culture approach." --Lance Travis, vice president, Outsourcing Strategies, AMR Research "This book will help leaders and cultural-change practitioners take a practical, well-architected approach to creating the culture they need to support their strategies. Thanks, IBM, for sharing what you have learned from your own transformation." --Valerie Norton, vice president, Talent Management and Organizational Effectiveness, Merck & Co., Inc. "Based on IBM's own experience with organizational transformation and mergers, this book belongs on the reading list of any executive contemplating major changes to their business." -- Peter Richerson, professor, University of California Davis -- "Finally, a book that goes beyond just declaring 'it's the culture change' and gets to a real recount of why and how to

move on that need. This is a practical approach for senior leaders in large corporations and government to address the most pressing issues in modern business life!" --Kenneth I. Percell, executive director, Warner Robins Air Logistic Center "I like the way the authors move the idea of organization culture from intangible (values) to tangible and practical. They offer that culture can be viewed and changed by examining and discussing what people do. Using the techniques described in Can Two Rights Make a Wrong? will demystify culture clash." --Lynda Aiman-Smith, Ph.D., North Carolina State University "A must read for leaders charged with planning and executing major change initiatives involving a single organization or multiple organizations. The book is original, thoughtful, thorough, and pragmatic. The elements of Can Two Rights Make a Wrong? and their interrelationships that work to drive successful change are particularly beneficial. The authors demonstrate a hands-on grasp of this important subject and the related literature. The material is presented in a concise, easy-to-understand format, with lots of tables, charts, and illustrations to help guide the reader." --Stephen W. Brown, Edward M. Carson chair in services marketing, professor and executive director, Center for Services Leadership, W. P. Carey School of Business, Arizona State University "Many have observed that mergers and acquisitions will fail to achieve their goals without proper attention to human and cultural factors, but few have shown us the way to manage these factors in any meaningful way. This book takes up that challenge and delivers a real solution by identifying business practices as the crucial element of 'culture' that can make or break a merger or acquisition, and by providing a hands-on methodology for managing and aligning differences across cultures." --Marietta Baba, dean of the College of Social Science, professor of Anthropology, Michigan State University "Sara Moulton Reger's application of Business Practices, Right-vs. Right, and Outcome Narratives to business transformation spoke directly to my own business experience. I found the book's comprehensive approach very appealing. It brought together the story of a historic merger; a review of traditional approaches to culture transformation in business organizations; the

powerful new techniques of Outcome Narratives, Right vs. Right, and Business Practices Alignment; and useful examples of the way to apply these techniques." --Dwight E. Collins, Ph.D., adjunct professor, Presidio School of Management, sustainable business and supply chain optimization consultant, president, Collins Family Foundation "We know unsuccessful mergers and acquisitions are often the result of underestimating the people and the cultural issues. Derived from experience, here is practical help in improving your chances of being one of the success stories." --David Hope, human resources director, Norwich Union Insurance "This is state-of-the-art. This practical approach is extremely useful for anyone involved in integrating two large organizations, especially professional organizations. I found the book Can Two Rights Make a Wrong? fascinating--excellently describing the preparation and process that is required in integrating culturally different organizations." --Fred WI Lachotzki, professor of business policy, Nyenrode University, coauthor of Beyond Control: Managing Strategic Alignment through Corporate Dialogue Nowadays, nearly every business leader recognizes the crucial importance of culture. But, in many organizations, attempts to handle culture issues remain "squishy," unfocused, and unlikely to bring any value or results. Now, IBM's leading experts reveal the way to make culture tangible to everyone involved--and how to effectively deal with a variety of culture challenges. Can Two Rights Make a Wrong? leverages the lessons learned during IBM's \$3.5 billion acquisition of PricewaterhouseCoopers Consulting: insight that IBM has crystallized into a powerful methodology for transforming business culture. The authors introduce "Business Practices," an actionable surrogate for "culture" that business people can identify with, gauge, and act upon. Then, one step at a time, you'll learn how to apply IBM's practical culture transformation techniques in your unique environment. You'll discover common patterns that lead to culture clashes so you can resolve or, better yet, prevent them. You'll learn to clarify your expectations so people really "get" it--and do it. You'll gain the way to measure culture change progress in terms everyone can understand and buy into.

Whether you're involved with M&As, joint ventures, major transformation, internal restructuring, or any other initiative where culture is important, this book can help you take culture from a worrisome risk to a competitive advantage. Business Practices: the unseen hand that propels action Uncover what makes your organization unique Right vs. Right: What to do when good options conflict Understand and manage the source of culture clash Outcome Narratives: Get to the right place, the right way Clarify your desired future, clear the obstacles, measure progress, and deliver results Successful culture change requires the same discipline you bring to the rest of your business. It demands a strong methodology that helps you clarify your goals and expectations, identify and overcome obstacles, measure progress...and get results. This book delivers that methodology. IBM's powerful, proprietary Tangible Culture approach will help you make culture visible and measurable-- so you can replace "feel good" culture work with focused, actionable plans for change. Use IBM's techniques to surface, understand, and reconcile differences among groups that must work together, so you can launch alliances more successfully...drive more value from acquisitions...enhance cross-silo and global operations...choose the right strategies...and make real transformation happen. Whatever your goals, culture is central to your success. With this book, you can finally address culture--systemically, proactively, and effectively. Leverage IBM's Breakthrough Methodology for Driving Effective Culture Change Drive real culture change, survive the effort, and reap genuine results Overcome culture challenges and risks Successfully execute on M&As, business alliances, transformation and internal restructuring Use downloadable templates to customize IBM's techniques for your environment Learn what IBM learned from its \$3.5 billion acquisition of PricewaterhouseCoopers Consulting Foreword xxi Preface xxiii Acknowledgments xxv About the Author xxvii Contributing Authors xxix Section I: The Basics 1 Chapter 1: Introduction--An Overview of Tangible Culture 3 Chapter 2: We Can't Do This the Traditional Way--IBM's Acquisition of PricewaterhouseCoopers Consulting 17 Chapter 3: Traditional Approaches

Supersize Your Small Business Profits T. Kasunic Frank T. Kasunic 2009-11 WARNING! This book is not your average business college text filled with theories, unworkable ideas, citations, notations, and appendices. It is experiential by design, and is chock full of workable solutions for the problems faced by small business owners and managers. I have dealt with most of the business problems described in this book personally and have resolved them successfully. Ideally, the book will fill some of the gap in the literature regarding the profitable management of your small business in turbulent economic times. In this book, I have provided a considerable number of practical no-nonsense ideas and suggestions that should help you, as a

small business owner or manager, to profitably manage your business. You should be able to implement at least a few of these suggestions to increase your sales and gross margins, decrease your expenses, and implement sensible controls that will enhance your profitability. If you are successful in achieving this, then the purpose of my book will be fulfilled!

Grow Your Business with Facebook Lise Gottlieb 2018-07-22 Right now, I am handing you a simple, step by step, real, actionable training guide that will intensify your benefits**without risking boatloads of money and end your frustrations once and for all. Chapter 12 of the Revised Laws, and Subsequent Enactments Massachusetts 1908
Patient Flow Randolph Hall 2013-12-11 This book is dedicated to improving healthcare through reducing delays experienced by patients. With an interdisciplinary approach, this new edition, divided into five sections, begins by examining healthcare as an integrated system. Chapter 1 provides a hierarchical model of healthcare, rising from departments, to centers, regions and the "macro system." A new chapter demonstrates how to use simulation to assess the interaction of system components to achieve performance goals, and Chapter 3 provides hands-on methods for developing process models to identify and remove bottlenecks, and for developing facility plans. Section 2 addresses crowding and the consequences of delay. Two new chapters (4 and 5) focus on delays in emergency departments, and Chapter 6 then examines medical outcomes that result from waits for surgeries. Section 3 concentrates on management of demand. Chapter 7 presents breakthrough strategies that use real-time monitoring systems for continuous improvement. Chapter 8 looks at the patient appointment system, particularly through the approach of advanced access. Chapter 9 concentrates on managing waiting lists for surgeries, and Chapter 10 examines triage outside of emergency departments, with a focus on allied health programs Section 4 offers analytical tools and models to support analysis of patient flows. Chapter 11 offers techniques for scheduling staff to match patterns in patient demand. Chapter 12 surveys the literature on simulation modeling,

which is widely used for both healthcare design and process improvement. Chapter 13 is new and demonstrates the use of process mapping to represent a complex regional trauma system. Chapter 14 provides methods for forecasting demand for healthcare on a region-wide basis. Chapter 15 presents queueing theory as a method for modeling waits in healthcare, and Chapter 16 focuses on rapid delivery of medication in the event of a catastrophic event. Section 5 focuses on achieving change. Chapter 17 provides a diagnostic for assessing the state of a hospital and using the state assessment to select improvement strategies. Chapter 18 demonstrates the importance of optimizing care as patients transition from one care setting to the next. Chapter 19 is new and shows how to implement programs that improve patient satisfaction while also improving flow. Chapter 20 illustrates how to evaluate the overall portfolio of patient diagnostic groups to guide system changes, and Chapter 21 provides project management tools to guide the execution of patient flow projects.

Securities Practice Guide D. Mark McMillan 2019-10-25 Securities Practice Guide dissects important securities tasks, providing you a step-by-step outline with an analytical overview, checklists, expert practice tips, cross-references to complementary analytical products. This step-by-step guide to securities transactions is written by attorneys at K&L Gates. They share their knowledge, practice tips and deep understanding of securities ins-and-outs in this task based practice guide.

The Certified Manager of Quality/Organizational Excellence Handbook, Fourth Edition Russell T. Westcott 2013-10-07 This handbook is a comprehensive reference source designed to help professionals address organizational issues from the application of the basic principles of management to the development of strategies needed to deal with the technological and societal concerns of the new millennium. The content of this fourth edition has been revised to reflect a more current global perspective and to match the updated Body of Knowledge (BoK) of ASQ's Certified Manager of Quality/Organizational Excellence (CMQ/OE). In order to provide a broad perspective of quality management, this book has specifically been written to address: □ Historical perspectives relating to the evolution of particular aspects of quality management, including recognized experts and their contributions □ Key principles, concepts, and terminology relevant in providing quality leadership, and communicating quality needs and results □ Benefits associated with the application of key concepts and quality management principles □ Best practices describing recognized approaches for good quality management □ Barriers to success,

including common problems that the quality manager might experience when designing and implementing quality management, and insights as to why some quality initiatives fail □ Guidance for preparation to take the CMQ/OE examination. Organized to follow the BoK exactly, throughout each section of this handbook the categorical BoK requirements associated with good quality management practices for that section are shown in a box preceding the pertinent text. These BoK requirements represent the range of content and the cognitive level to which multiple-choice questions can be presented. Although this handbook thoroughly prepares individuals for the ASQ CMQ/OE exam, the real value resides in post-exam usage as a day-to-day reference source for assessing quality applications and methodologies in daily processes. The content is written from the perspective of practitioners, and its relevance extends beyond traditional product quality applications.

Contract Law Ewan McKendrick 2014-04-24 The sixth edition of Ewan McKendrick's Contract Law: Text, Cases, and Materials provides a complete guide to the subject in a single volume, containing everything needed for the study of contract law at undergraduate level. The book comprises a unique balance of 40% text to 60% cases and materials, combining the best features of a textbook with those of a traditional casebook. The author's clear explanations and analysis of the law provide invaluable support to students, while the extracts from cases and materials promote the development of essential case reading skills and allow for a more detailed appreciation of the practical workings of the law. Online Resource Centre The book is accompanied by an Online Resource Centre which includes: * Extra material with in-depth coverage of topics such as illegality and incapacity * Updates on recent developments in the law * Annotated web links to key sources of information on contract law * Lecturer access to a test bank of multiple choice questions and answers

ACCA P5 - Advanced Performance Management - Study Text 2013 BPP Learning Media 2011-12-15 This examiner-reviewed Study Text covers all that you need to know for P5. It features plenty of recent case studies illustrating key syllabus areas and questions to hone your understanding of what you have just read. This paper tests your application of knowledge so these studies and questions are key learning tools. You will also find up-to-date information on the latest management theories and techniques which feature highly in this paper. Then there are plenty of exam tips to guide your study and help you focus on what is essential to know. Now it's up to you.

Senate Bill California. Legislature. Senate 1975 **Church IT** Nick B. Nicholaou 2016-06-21 Churches use many types of computer technology on a daily basis, with new technologies being made available all the time. Your church's approach to technology is maximized when you start with learning how to develop the right IT team to lead in setting the

best IT policies. For every new technology, there is a financial consideration, but there also may be a new risk or legal liability that emerges. Learn how to find the best solutions when choosing software and hardware for your church. Also, understand the best approach to train and manage staff and volunteers. In addition, discover the right strategy for using the Cloud, setting up secure networks, and data recovery for your church. CONTENTS Section One-Church IT's Mission Chapter 1: IT Department Structure Chapter 2: Who Is IT's Customer? Chapter 3: Leading in an IT Vacuum Section Two-Church IT Solutions Chapter 4: Selecting Solutions for the Wrong Reason Chapter 5: Church Management Software (ChMS) Chapter 6: Rightsizing Hardware Chapter 7: Virtual Computers Chapter 8: Software Charity Licensing Chapter 9: Making WiFi Work! Chapter 10: VoIP vs. Traditional Phone Systems Section Three-Church IT Strategies Chapter 11: IT Volunteers-Yes or No? Chapter 12: Training: The Most Neglected Spec Chapter 13: IT Staff: Insource or Outsource? Chapter 14: Who Owns Your Public DNS Record? Chapter 15: Disaster Recovery and Business Continuity Chapter 16: The Security Sweet Spot Chapter 17: The Value of Standardization Chapter 18: Changing Paradigms: The Cloud & BYOD

Model Rules of Professional Conduct

American Bar Association. House of Delegates 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

The Knife and the Wasp Michael M. Forbes 2008-12-14 "The Knife & the Wasp" is a business and financial self-help book about globalization.

It examines what is truly meant by globalization, how cultures react to globalization, and how Americans need to change their thinking about competition in a global economy. Section 1: Laying a Foundation CHAPTER 1: A Glance at the Map CHAPTER 2: Review of Economic Terms CHAPTER 3: Defining Globalization CHAPTER 4: What is Culture? CHAPTER 5: Mapping Culture CHAPTER 6: Modes of Globalization CHAPTER 7: Characteristics of Globalization CHAPTER 8: Measuring Globalization CHAPTER 9: What Globalization is Not CHAPTER 10: A Brief History of Globalization CHAPTER 11: The Human Face of Globalization Section 2: Models CHAPTER 12: Kinds of Workers CHAPTER 13: Examination of the Wage Worker CHAPTER 14: Examination of the Salesperson CHAPTER 15: Examination of the Professional CHAPTER 16: Ways to Conceive of Business Activity CHAPTER 17: Inflection Points Section 3: The Fourth Quadrant CHAPTER 18: The Fourth Quadrant CHAPTER 19: The Kn.I.F.E.'s Edge Section 4: The How/What of Leadership CHAPTER 20: Not a Zero-Sum Game CHAPTER 21: The Most American Americans CHAPTER 22: Leadership Matters CHAPTER 23: The Moveable Feast Section 5: Individual First-Steps CHAPTER 24: Preparing to Compete with the Stockdale Mind-Set CHAPTER 25: Zen in the Business World CHAPTER 26: Seeking Passion CHAPTER 27: Going for the Gold CHAPTER 28: Portable Skill Sets CHAPTER 29: Life-Long Learning Section 6: The Future CHAPTER 30: The Future *The Art of Taming the Business* Vallabhi Ey 2009-04 Business essays for students who want to have a strong foundation in business concepts and for professionals who want to refer back to the basics. The simplified form of complex concepts and simple language makes this book a good and a must read. A Book by a student for both students and professionals! All the business chapters in this book were written as assignments by the author as an MBA (Management of Business Administration) student in University of Northampton in the years 2007 and 2008. There are twelve altogether, some are essays and some are reports. Most of these were written with an intention that these could be published one day. Also the chapters were written with an idea that

it should not just reach business readers but also general readers who want to know business or just have an interesting read. The various chapters and the section of Business Management are given below: Chapters 1, 2 and 3 are related to Operations Research Chapters 4 and 5 are related to Marketing Chapter 6 is related to Organizational Strategy Chapter 7 is related to Managing Change Chapter 8 is related to Cross Cultural Management Chapters 9 and 10 are related to People Management Chapter 11 is related to Corporate Finance Chapter 12 is related to Leadership The author believes that different departments in an organization cannot be detached or distinguished without overlaps from other departments. These subjects mentioned above are related to the important characteristics of the concerned subject and would be useful for any department of business as a whole. The conclusion of the last chapter ends with words of Jesus Christ adapted to the business environment.

Ditch The People Pleaser Kara V Grant
2020-08-17 We are living in a culture still defined by unrealistic gender stereotypes and expectations. Despite much progress being made, women are still not, on the whole, treated as equals to men. Gender pay gaps, invisible labour, and outdated attitudes towards women (especially around sex and relationships) mean that many of us grow into adulthood shackled to our need to be nice, liked, and to please, at the detriment of our happiness and wellbeing. In *Ditch the People Pleaser*, you are going to explore four of the areas where you may find yourself people pleasing: life, relationships (including love and sex), work, and business and leadership. This book will help you to: 1) Undo the effects of people pleasing in your life so you ARE free from expectations + boxes. 2) Release the need to please so you are able to achieve deep connection, a sense of purpose + guidance from your inner knowing. 3) Break the cycle for your personal + spiritual growth AND for the young people in your life. You will be able to model and pass on a healthier way of being for the next generation. 4) Use techniques and practices that will transform the way you feel about being nice and acceptable. 5) Strengthen your relationship to yourself and the people in your life, expand into your work and contribute

to compassionate change. Not only will you discover what the antidote is to people pleasing you will be supported with practical techniques and supportive resources to ditch the need to please right away. Chapters: Section 1: People Pleasing ... In Life Chapter 1: Craving Approval Chapter 2: Raising People Pleasers Chapter 3: People Pleasing at Home Chapter 4: InnerFEARfreaks Section 2: People Pleasing ... in Relationships Chapter 5: Family Chapter 6: Father Relationship Chapter 7: Parenting Chapter 8: Friendships Chapter 9: Intimate Relationships Chapter 10: Love, Sex and Sexuality Chapter 11: Women Misogynists Section 3: People Pleasing ... In Work Chapter 12: The Post-Metoo Workplace Section 4: People pleasing in Business, Leadership and Your Purpose Chapter 13: The Five Superpowers Section 5: The 7-Step Exploration Step

The Palgrave Handbook of Auto/Biography
Julie M. Parsons 2020-04-28 In a neo-liberal era concerned with discourses of responsible individualism and the 'selfie', there is an increased interest in personal lives and experiences. In contemporary life, the personal is understood to be political and these ideas cut across both the social sciences and humanities. This handbook is specifically concerned with auto/biography, which sits within the field of narrative, complementing biographical and life history research. Some of the contributors emphasise the place of narrative in the construction of auto/biography, whilst others disrupt the perceived boundaries between the individual and the social, the self and the other. The collection has nine sections: creativity and collaboration; families and relationships; epistolary lives; geography; madness; prison lives; professional lives; 'race'; and social justice and disability. They illustrate the inter- and multi-disciplinary nature of auto/biography as a field. Each section features an introduction from a section editor, many of whom are established researchers and/or members of the British Sociological Association (BSA) Auto/Biography study group. The handbook provides the reader with cutting-edge research from authors at different stages in their careers, and will appeal to those with an interest in auto/biography, auto-ethnography, epistolary traditions, lived

experiences, narrative analysis, the arts, education, politics, philosophy, history, personal life, reflexivity, research in practice and the sociology of the everyday. Chapter 1: A Case for Auto/Biography; Julie Parsons and Anne Chappell. Section One: Creativity and Collaboration; edited by Gayle Letherby. Chapter 2: The Times are a Changing: Culture(s) of Medicine; Theresa Compton. Chapter 3: Seventeen Minutes and Thirty-One Seconds: An Auto/Biographical Account of Collaboratively Witnessing and Representing an Untold Life Story; Kitrina Douglas and David Carless. Chapter 4: Reflections on a Collaborative, Creative 'Working' Relationship; Deborah Davidson and Gayle Letherby. Section Two: Families and Relationships: Auto/Biography and Family, A Natural Affinity?; edited by David Morgan. Chapter 5: Life Story and Narrative Approaches in the Study of Family Lives; Julia Brannen. Chapter 6: The Research Methods for Discovering Housing Inequalities in Socio-Biographical Studies; Elizaveta Polukhina. Chapter 7: Auto/Biographical Research and The Family; Aidan Seery and Karin Bacon. Section Three: Epistolary Lives: Fragments, Sensibility, Assemblages in Auto/Biographical Research; edited by Maria Tamboukou. Chapter 8: Letter-Writing and the Actual Course of Things: Doing the Business, Helping the World Go Round; Liz Stanley. Chapter 9: The Unforeseeable Narrative: Epistolary Lives in Nineteenth Century Iceland; Erla Hulda Halldórsdóttir. Chapter 10: Auto/Pathographies In Situ: 'Dying of Melancholy' in Nineteenth Century Greece; Dimitra Vassiliadou. Section Four: Geography Matters: Spatiality and Auto/Biography; edited by John Barker and Emma Wainwright. Chapter 11: "Trying to Keep Up": Intersections of Identity, Space, Time and Rhythm in Women Student Carer Auto/Biographical Accounts; Fin Cullen, John Barker and Pam Alldred. Chapter 12: Spatiality and Auto/Biographical Narratives of Encounter in Social Housing; Emma Wainwright, Elodie Marandet and Ellen McHugh. Chapter 13: "I Thought... I Saw... I Heard...": The Ethical and Moral Tensions of Auto/Biographically Opportunistic Research in Public Spaces; Tracy Ann Hayes. Section Five: Madness, Dys-order and Autist/Biography: Auto/Biographical Challenges to Psychiatric

Dominance; edited by Kay Inckle. Chapter 14: Autist/Biography; Alyssa Hillary. Chapter 15: Reaching Beyond Auto? A Polyvocal Representation of Recovery From "Eating Disorder"; Bríd O'Farrell. Chapter 16: [R]evolving Towards Mad: Spinning Away from the Psy/Spy-Complex Through Auto/Biography; Phil Smith. Section Six: Prison Lives; edited by Dennis Smith. Chapter 17: Nelson Mandela: Courage and Conviction - The Making of a Leader; Dennis Smith. Chapter 18: The "Other" Prison of Antonio Gramsci and Giulia Schucht; Jeni Nicholson. Chapter 19: Bobby Sands: Prison and the Formation of a Leader; Denis O'Hearn. - Section Seven: Professional Lives; edited by Jenny Byrne. Chapter 20: Academic Lives in a Period of Transition in Higher Education: Bildung in Educational Auto/Biography; Irene Selway, Jenny Byrne and Anne Chappell. Chapter 21: Narratives of Early Career Teachers in a Changing Professional Landscape; Glenn Stone. Chapter 22: What Does it Mean to be a Young Professional Graduate Working in the Private Sector?; Jenny Byrne. Section Eight: 'Race' and Cultural Difference; edited by Geraldine Brown. Chapter 23: Now You See Me, Now You Don't! Making Sense of the Black and Minority Ethnic (BME) Experience of UK Higher Education: One Person's Story; Gurnam Singh. Chapter 24: Raging Against the Dying of the Light; Paul Grant. Chapter 25: Black Young Men: Problematisation, Humanisation and Effective Engagement; Carver Anderson. Section Nine: Social Justice and Disability: Voices From the Inside; by Chrissie Rogers. Chapter 26: Missing Data and Socio-Political Death: The Sociological Imagination Beyond the Crime; Chrissie Roger. Chapter 27: Co-Constructed Auto/Biographies in Dwarfism Mothering Research: Imagining Opportunities for Social Justice; Kelly-Mae Saville. Chapter 28: An Auto/Biographical Account of Managing Autism and a Hybrid Identity: 'Covering' for Eight Days Straight; Amy Simmons.

Contract Law: Text, Cases, and Materials Ewan McKendrick 2012-07-19 This is an account of the modern law of contract by a leading authority in the field. Through this fresh approach to the subject students should obtain a firm understanding of the central doctrines and the controversies associated with them.

Email Marketing That Works ... So You Don't Have to Dan Moskel 2013-11-05 Email

marketing effectively is not rocket science. It is much more about human relationships. Did you know ... I ran a national TV commercial airing on ESPN, MTV, A&E, VH-1, Comedy Central ... In this commercial my call to action was to visit a website and sign up for my list, then I would follow up with these folks using email marketing ... I also lost the gifts of communication (speaking, writing, reading, etc.) with a brain aneurism bursting and subsequent surgery. I can vividly recall one afternoon in the ICU when I was unable to communicate and resolved myself to wetting the bed at age 13. If I can learn this ... I KNOW YOU CAN TOO! Chapter 1 ... Your #1 Goal Chapter 2 ... Email marketing is EXACTLY like direct response mail Section 1 - Creating Your Email Marketing Campaign ... The Mechanics Chapter 3 ... Subject Line ... Get Your Message Opened Chapter 4 ... Top 3 open-rate-killers Chapter 5 ... Crafting your email message content Chapter 6 ... The 12 reasons & things to send in your email campaign Chapter 7 ... Call to action Chapter 8 ... How often to mail your list Chapter 9 ... Best places to get ideas for your messages Chapter 10 ... Formatting your email message Chapter 11 ... Integrate social media Chapter 12 ... Broadcasts or a follow-up sequence Chapter 13 ... Listen to your list and make course corrections Chapter 14 ... Length of your message Chapter 15 ... Don't over think Section 2 - Tips to building your list Chapter 16 ... Top 2 list building killers Chapter 17 ... The 7 key techniques to build your list Chapter 18 ... What information should you collect on your

web-form? Chapter 19 ... Advanced techniques ... take them offline Chapter 20 ... Play the numbers Section 3 - Manage and segment your lists Chapter 21 ... Segmenting your list Chapter 22 ... When a lead turns into a liability and an avoidable expense Chapter 23 ... Re-engagement campaigns Chapter 24 ... Make it happen captain

Develop A Customer-Focused Culture

Milford Henrick 2021-03-06 Why do so many companies struggle to get customer-centricity right? The most common, and perhaps the greatest, barrier to customer-centricity is the lack of a customer-centric organizational culture. At most companies, the culture remains product-focused or sales-driven, or customer-centricity is considered a priority only for certain functions such as marketing. To successfully implement a customer-centric strategy and operating model, a company must have a culture that aligns with them -- and leaders who deliberately cultivate the necessary mindset and values in their employees. The book's content has 3 main parts: Part 1: Culture Is the Key to Outstanding Customer Service Chapter 1 How Corporate Culture Guides Your Employees' Actions Chapter 2 Why Culture Initiatives Often Fail Part 2: Building a Customer-Focused Culture Chapter 3 Defining Your Culture Chapter 4 Engaging Employees with Your Culture Part 3: Changing Your Company's Service DNA Chapter 5 Aligning Your Business Around a Customer-Focused Culture Chapter 6 Setting Goals That Drive Your Culture Chapter 7 Hiring Employees Who Will Embrace Your Culture Chapter 8 Training Employees to Embody Your Culture Chapter 9 Empowering Employees to Support Your Culture Chapter 10 How Leadership Can Make or Break Your Culture Chapter 11 A Customer-Focused Example Chapter 12 Making the Commitment to a Customer-Focused Culture
