Diagnosis ...

of care delivered. Nutrition Diagnosis The most unique feature of the NCP is the nutrition diagnosis. The 60 nutrition diagnosis terms and definitions were developed to describe nutrition problems that can be treated independently by the dietitian (4). Thus, they are distinct from the terms physicians use to describe medical diagnoses.

STRESS ULCER PROPHYLAXIS -

Surgicalcriticalcare.net

ICU was analyzed for the risk of bleeding and the efficacy of their practice of discontinuing pharmacologic stress ulcer prophylaxis in patients tolerating full enteral nutrition (9). They found an overall incidence of 0.5% of clinically significant GI bleeding, with the subset of traumatic brain injury patients at only 0.68%,
