Sight Singing Complete Bruce Benward 2014-03-19 Students of music are faced with the challenge of developing their aural skills to the point at which they can see music on the page with thoughtful, trained eyes and hear it with their mind's ear. Sight Singing Complete, leads students to this point by beginning with the familiar and moving gently toward the unfamiliar until they are transforming symbol into sound and improvising in all idioms. The 8th edition of Sight Singing Complete preserves the multi-faced pedagogical approach and the commitment to historical repertoire from the seventh edition.
