Organizational Theory, Design, and Change Jones Gareth R. 2006 [This text] provides greater focus on what an organization is, which stakeholders it serves, and how an organization is constructed to satisfy stakeholder needs - that is, the design of its organizational structure. [The text] lays out the central design challenges facing an organization if it is to successfully create value for its stakeholders and achieve a competitive advantage that will allow it to thrive. [It also] presents much expanded coverage on the issue of organizational change processes.-Pref.

Human Resource Management (2 Vols.) H.L. Kaila 2005 This book is a rich and comprehensive review of literature of more than 300 books and journals in the field of Human Resource Management. This bibliographic survey presents almost all topics and concepts pertaining to the practice of human resource management in organizations along with latest researches and case studies for the benefit of students and readers interested in HRM. Due to the vastness of subject, the book is split into three volumes. Volume One includes definitions of human resource management, human resource planning, recruitment, motivation at workplace, training in organizations, job satisfaction and quality of working life, employee counseling, managing and coping with stress, depression among executives, personnel records, reports and audit, balancing work and life issues and organization development, change management, total quality management, organizational behaviour emerging reality for workplace revolution, organizational survey research, dimensions of data collection and management by objectives, employee satisfaction survey. Volume Two presents emotional intelligence, stress and health related consequences, stress and social resources, problem behaviors at work, performance management system, offers assessment centers, psychological tests, organizational tests, performance appraisal format, six sigma, a case study on recruitment at CRY, a case study on recruitment and training procedure at Kinetic Motor Company, a case study on training at Rallis India and Tata Chemicals Ltd., a case study on trainer evaluation, a case study of an assessment centre at Eserve International, a case study of measuring effectiveness of soft skills training at Cap Gemini Ernst and Young, a case study on Reliance Group, a case study on mentoring programme for workmen at Asian Paints.

ORGANISATIONAL BEHAVIOUR SAIYADAIN 2003-02-01 Written by an eminent panel of OB experts and edited by Prof Mirza S Saiyadain, the book attempts to fill the need of an Indian text. It examines organisational behaviour at the level of the individual, the small group and the total organisation. The book is profusely illustrated with Indian studies to explain, accept or refute and provide empirical support to various theories and concepts in the Indian context. The objective of the book is to help readers develop information processing, problem solving the decision making abilities.

Organizational Behaviour P. G. Aquinas 2006 Structure of the Book: The structure is logical and easy to use. The book begins with an introductory section (Part I) which describes and illustrates the Foundations of Organizational Behaviour. The book next discusses, in Part II, Individual Processes and Behaviour. It then moves, in Part III, to examine the interactions among individuals in Group Behaviour. Part IV discusses The Organization System and, finally, in Part V, the book presents Organizational Dynamics.Numerous up-to-date examples: Because many students have limited exposure to real organizations, the book contains recent examples from a broad spectrum of organizations to illustrate the major concepts and to help students apply the knowledge.Some Distinctive Pedagogical Features: Organizational Behaviour offers a number of distinctive, time tested and interesting features for students as well as new and innovative features. These features should facilitate the students' acquisition and retention of the material.v Learning objectives focus student attention on upcoming chapter content and show what happens to the manager or organization.v Cases at the end of the chapter provide students an opportunity to apply their knowledge in making managerial decisions and recommendations.v Numerous review and discussion questions follow each chapter. These questions are designed to enhance student learning and interest.

Organizational Behavior Stephen P. Robbins 2001-01-01 This text contains updated material on responding to global and cultural diversity, with discussions of globalization, workforce diversity and ethics.

Fundamentals of Organizational Behaviour Nancy Langton 2012

Organisational Behaviour Stephen Robbins 2013-08-20 Robbins: Leading the way in OB Organisational Behaviour shows managers how to apply the concepts and practices of modern organisational behaviour in a competitive, dynamic business world. Written and researched by industry-respected authors, this continues to be Australia’s most popular text for introductory courses in organisational behaviour. A new suite of learning and teaching resources that will excite future managers and inspire critical thinking, accompanies the text.

Strategic Stress Management of Gold Collars M. Beulah Viji Christiana Stress is a problem in almost all the countries of the world, irrespective of the fact whether the economy is strong or weak. In today's changing and competitive work environment, stress plays a crucial role among the gold collar employees. Knowledge is considered to be the only source of competitive advantage for an organization in the highly competitive current scenario. Knowledge work is typically characterized by high decision latitude and classified as an active job. This book titled "Strategic Stress Management of Gold collars" is an empirical study carried out to find the various factors that influence stress among the knowledge workers termed as the gold collar employees. This book emphasizes on the various coping strategies resorted by the gold collars to combat stress and throws light on the extent of effectiveness of the strategies resorted. The study was carried out among various Professionals like doctors, professors, software professionals, executives, engineers etc. The stress level of gold collar employees depends especially on the fact that how intense the stress is, how long it lasts, and how well an individual copes with the situation. The stress level of gold collar employees depends especially on the fact that how intense the stress is, how long it lasts, and how well an individual copes with the situation. Gold collars are also of the opinion that stress can be managed. This positive attitude may be helpful for the gold collars in alleviating stress to a very great extent.

A New History of Management Stephen Cummings 2017-09-19 Existing narratives about how we should organize are built upon, and reinforce, a concept of 'good management' derived from what is assumed to be a fundamental need to increase efficiency. But this assumption is based on a presentist, monocultural, and generally limited view of management's past. A New History of Management disputes these foundations. By reassessing conventional perspectives on past management theories and providing a new critical outline of present-day management, it highlights alternative conceptions of 'good management' focused on ethical aims, sustainability, and alternative views of good practice. From this new historical perspective, existing assumptions can be countered and simplistic views disputed, offering a platform from which graduate students, researchers, and reflective practitioners can develop alternative approaches for managing and organizing in the twenty-first century.

Organizational Behavior, Student Value Edition Stephen P. Robbins 2016-01-06

Organisational Behaviour Stephen P. Robbins 2001 This book is the first Southern African edition of Stephen P. Robbins's Organizational Behaviour, the best-selling organisational behaviour textbook worldwide.

managers, human resource workers, and anyone needing to understand and improve their people skills.

Organizational Behavior Jason Colquitt 2011

Leadership, Change and Responsibility Silvio De Bono 2008-02 Leadership, change, responsibility. There is a reason these topics always seem to occur in unison - because they are inextricably linked to one another, both in theory and in practice.Strong, effective leadership is becoming increasingly important because of the challenges that arise in all aspects of work and life - these challenges are often characterized by change or the need for change, which in turn creates a sense of responsibility.This thoroughly researched volume brings together the collected wisdom of a number of experts to present readers with the most recent research and cutting-edge insights into this increasingly important area.

OB: The Essentials Stephen P. Robbins 2015-05-20 Robbins: Leading the way in OB Written as an alternative to Robbins’ larger Organisational Behaviour text, OB: The Essentials is an applied and focused text that will help your students to quickly grasp the essential elements of OB. In an engaging 13 chapter format, this book retains the fluid writing style, academic rigour and extensive use of examples that are trademark features of the Robbins texts. While there are less chapters, the book continues to provide cutting-edge content that is often missing in other OB books - this is not merely a subset of material from Robbin’s Organisational Behaviour text; it was written from the ground up to present all the essential content in a shorter format. This new text will have broad appeal; particularly to visual learners who will appreciate the lively design and extensive use of examples and photographs to aid comprehension and retention of concepts. New co-author Dr Michael Jones of the University of Wollongong brings his avid enthusiasm for student education as well as a solid research background in motivation, commitment and business operations to the new text. Reviewers and users of the Robbins texts regularly report that they are ‘conversational’, ‘interesting’, ‘student-friendly’ and ‘very clear and understandable’. Packed full of pedagogical features that will engage and stimulate your students, OB: The Essentials will ensure that they are getting a sound understanding of OB. Features such as the ‘Applying Knowledge’ and ‘Student Challenge’ boxes prompt students to apply and think strategically about what they have just learnt.

Business Communication Peter Hartley 2008-01-28 This is a wide-ranging, up-to-date introduction to modern business communication, which integrates communication theory and practice and challenges many orthodox views of the communication process. As well as developing their own practical skills, readers will be able to understand and apply principles of modern business communication. Among the subjects covered are: interpersonal communication, including the use and analysis of nonverbal communication group communication, including practical techniques to support discussion and meetings written presentation, including the full range of paper and electronic documents oral presentation, including the use of electronic media corporate communication, including strategies and media. The book also offers guidelines on how communication must respond to important organizational issues, including the impact of information technology, changes in organizational structures and cultures, and the diverse, multicultural composition of modern organizations. This is an ideal text for undergraduates and postgraduates studying business communication, and through its direct style and practical relevance it will also satisfy professional readers wishing to develop their understanding and skills.

Business Practices in Malaysia Small and Medium-Sized Enterprises (UUM Press) Mohd Khairuddin Hashim 2004-01-01 Business Practices in Malaysia SMEs offers a fresh insight into the business practices that occurred as well as lacking in local small and medium-sized enterprises. The seven chapters in this volume, originally presented as paper at national and international conferences focus on various aspects of important business practices in Malaysian small business. More importantly, Business Practices in Malaysia SMEs shares its understanding of how small business in Malaysia are being managed. Primarily based on recent empirical studies, this insightful contribution will serve as an invaluable information resource as well as will appeal to those who wish to seek a better understanding of small business management practices in the local context.

Organizational Behavior Stephen P. Robbins 2016 Taken from: Organizational Behavior, Seventeenth Edition by Stephen P. Robbins and Timothy A. Judge.

Human Resource Management David A. DeCenzo 1998-12-18 Over the past decade, management practice has gone through dramatic changes.

Workforce diversity, downsizing, reengineering, total quality management, outsourcing, and rediscovering the importance of satisfying the customer, all has a significant impact on Human Resources. The new Sixth Edition of De Cenzo/Robbins' Human Resource Management features a current, real-world perspective that gives readers a crystal-clear picture of what today's HRM is really like. Emphasizing the application of theory, the Sixth Edition carefully integrates real examples with the most up-to-date information available.

Organizational Behaviour Andrzej Huczynski 2009-07-01 This text encourages participate teaching and active learning through a structured style and format, with each chapter containing a list of key concepts and objectives.

Organizational Behavior 12Th Ed. Stephen P. Robbins 2007

South African Human Resource Management Barney Erasmus 2008 Book & CD. This fourth edition makes it clear that all who are interested in the sustainability of South Africa -- and Africa -- must put human resource management (HRM) at the very core of the management of organisations generally. The content is aligned to outcomes that are geared towards analytical and critical thinking about the theory and practice of HRM in South Africa. The African context is addressed, and ample information about HRM aspects 'elsewhere in Africa' is provided. This edition breaks away even further from the traditional structure of so many standard HRM textbooks. It challenges a broadening of the 'agenda' and scope of HRM work: HRM is not only about managing employees, but also about managing the work and the people who do the work of and in organisations. This may involve alternative ways of getting the work of organisations done superiorly. This book will help you to apply HRM effectively to achieve its ultimate aim, namely to add value to

people, to organisations and to society. This comprehensive book is organised around themes such as: Developing an appreciation for the context of HRM in South Africa; Strategising, designing and planning as preparatory HRM work; Sourcing work talent; Facing the country's people empowerment challenge; Meeting the reward and care challenge; Handling labour and employee relations challenges; Championing change and transformation; Managing HRM-related information, including HRM and sustainability reporting. Based on most recent theoretical developments, the emphasis is on the practical applications. Samples of relevant documents are included, and an accompanying CD contains a wealth of relevant resources as well as a continuing, integrating case study that serves as a basis for these applications, and individual and group activities. As a package, South African Human Resource Management will be extremely valuable to both current and aspirant managers, and human resource practitioners.

21st Century Corporate Citizenship Dave Stangis 2017-03-27 This book presents a step-by-step process aimed at helping you create the most successful business possible in the 21st century competitive landscape, empowering corporate citizenship professionals to accelerate their credibility within their company as an effective contributor who understands their company's strategy and who creates value.

Essentials of Organizational Behavior Stephen P. Robbins 2003 This text features the relevant topics in current organizational behavior, such as TQM; reengineering, technology; empowerment; declining employee loyalty; the Myers-Briggs Type Indicator; virtual and boundaryless organizations; 360-degree performance appraisals; diversity; globalization; and ethics. The introduction condenses the essentials of the field into a tightly focused presentation. With the use of examples, this text covers work-life balance; group demography; team-effectiveness model; flextime and telecommuting; and e-organizations as well as issues such as emotions, trust, work-life balance, workplace spirituality, and knowledge management. It integrates the themes of globalization diversity, and ethics throughout the text rather than presenting them in stand-alone chapters, enhancing students understanding of the impact these issues have at each stage of the organizational behavior process. It also considers the nature of employee recognition programs; linking recognition programs and reinforcement theory; employee recognition programs in practice.

Empathy-Driven School Systems Debarshi Roy 2022-01-31 This book provides a framework for designing behavioural systems in schools that recognize empathy as its core driver. It presents a systemic discourse on introducing steps in schools to promote inclusivity and acceptance. The book analyses how empathy can be integrated into every aspect of school education. It focuses on the role of schools in nurturing compassion in young children and providing a positive psychological atmosphere for them. The author outlines the concept of empathy and its application to organizations in general and its specific application within school systems. Drawing from theoretical and empirical literature, the book examines the designs for holistic empathy-driven learning, highlighting its role in fostering social integration and developing social and emotional skills in students of diverse backgrounds. This book will be of interest to students, teachers and researchers of education, organizational psychology, organizational behaviour and child psychology. It will also be useful for educationalists, schoolteachers, school management professionals, heads of schools and parents.

Introducing Organizational Behaviour and Management Joanna Brewis 2012 This popular textbook offers an inspiring and focused introduction to the study of organizational behaviour and management. The second edition builds on the fresh and innovative approach to the study of management and organization introduced in the first edition. To make the subject matter more relevant and accessible, it treats organizational behaviour as a field of activity that has many parallels with everyday life, particularly in relation to participating in organizations and institutions. Uniquely, this textbook presents two distinct and highly contrasting perspectives on organizational behaviour, discussing the alternative critical perspectives alongside the more traditional approaches, to encourage critical thinking and debate. Each chapter has been fully updated by specialist authors who are committed to thinking differently about the field of organizational behaviour. They effectively identify and explore the key concepts that underpin this diverse subject in their respective chapters, utilising a range of international and everyday examples. The second edition benefits from a new four-colour design and uses a variety of pedagogical features to engage students and provide a stimulating learning - and teaching - environment. This text is ideal for use on introductory undergraduate and post graduate courses in Organizational Behaviour and Management. This textbook is autopackaged with CourseMate. CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the printed textbook and the textbook-specific website. CourseMate includes an integrated eBook and interactive teaching and learning tools including quizzes, flashcards, videos, and more and an EngagementTracker, a first-of-its-kind tool that monitors student engagement in the course.

Organisational Behaviour S S Khanka 2006 For the students of MBA, PGDBM, M.Com. And other Management Courses. Contains a variety of real-life examples. Glossary given at the end of the book enables students to have knowledge and be familiar with the important key terms used.

Organizational Behavior Christopher P. Neck 2018-11-29 Why does organizational behavior matter—isn't it just common sense? Organizational Behavior: A Skill-Building Approach helps students answer this question by providing insight into OB concepts and processes through an interactive skill-building approach. Translating the latest research into practical applications, authors Christopher P. Neck, Jeffery D. Houghton, and Emma L. Murray unpack how managers can develop essential skills to unleash the potential of their employees. The text examines how individual characteristics, group dynamics, and organizational factors affect performance, motivation, and job satisfaction, providing students with a holistic understanding of OB. Packed with critical thinking opportunities, experiential exercises, and self-assessments, the new Second Edition provides students with a fun, hands-on introduction to the fascinating world of OB. Instructors, contact your Pearson representative for more information. Organizational Behaviour, Eighth Canadian edition, is truly a Canadian product. While it draws upon the strongest aspects of its American cousin, it expresses its own vision and voice. It provides the context for understanding organizational behaviour (OB) in the Canadian workplace and highlights the many Canadian contributions to the field. Subject matter reflects the broad multicultural flavour of Canada and also highlights the roles of women and visible minorities in the workplace. Examples reflect the broad range of organizations in Canada: large, small, public and private sector, unionized and non-unionized.
