- *The changing lives of the Native Americans
- *The abolishment of slavery
- *The achievement of suffrage
- *The scandals, wars, and assassinations of the twentieth century
- *America's famous and infamous historical figures

Alexander Hamilton Jonathan Hennessey
2017-08-08 A graphic novel biography of the American legend who inspired the hit Broadway musical Hamilton. Alexander Hamilton was one of the most influential figures in United States

history—he fought in the Revolutionary War, helped develop the Constitution, and as the first Secretary of the Treasury established landmark economic policy that we still use today. Cut down by a bullet from political rival Aaron Burr, Hamilton has since been immortalized alongside other Founding Fathers such as George Washington and Thomas Jefferson—his likeness even appears on the ten-dollar bill. In this fully-illustrated and impeccably researched graphic novel-style history, author Jonathan Hennessey and comic book illustrator Justin Greenwood bring Alexander Hamilton's world to life, telling the story of this improbable hero who helped shape the United States of America.

Understanding the U.S. Constitution, Grades 5 - 12 Mark Strange 2018 Understanding the U.S. Constitution for fifth to twelfth grades helps students become informed citizens by delving into the history and structure of the U.S. Constitution. Mark Twain Media Publishing Company specializes in providing engaging supplemental books and decorative resources to complement middle- and upper-grade classrooms. Designed by leading educators, this product line covers a range of subjects including mathematics, sciences, language arts, social studies, history, government, fine arts, and character.

Re: Constitutions Beka Feathers 2021-08-03
Marcus is stumped by a summer assignment: to write an essay on what it means to be a citizen. He's surprised to hear from people in his community that constitutions play an important role when it comes to citizenship—they can even affect whether you feel like you belong in your country or not. From a Kosovo Albanian neighbor to a Rwandan exchange student, and even in his own family history, Marcus discovers stories of how constitutions—including the U.S.

Constitution—shape the political landscape and our daily lives. From Beka Feathers, an expert in post-conflict institution building, and Kasia Babis, an accomplished political cartoonist, comes a graphic novel that gives context to the modern issues that arise from constitutions. With historical examples from all over the world, *Re: Constitutions* examines how this essential document defines a nation's identity and the rights of its citizens.

George Washington Matt Doeden 2006
Presents the life of George Washington, focusing primarily on his role in the American Revolution and the formation of the United States.

The Ideological Origins of American Federalism Alison L. LaCroix 2011-10-15
Federalism is regarded as one of the signal American contributions to modern politics. Its origins are typically traced to the drafting of the Constitution, but the story began decades before the delegates met in Philadelphia. In this groundbreaking book, Alison LaCroix traces the

history of American federal thought from its colonial beginnings in scattered provincial responses to British assertions of authority, to its emergence in the late eighteenth century as a normative theory of multilayered government. The core of this new federal ideology was a belief that multiple independent levels of government could legitimately exist within a single polity, and that such an arrangement was not a defect but a virtue. This belief became a foundational principle and aspiration of the American political enterprise. LaCroix thus challenges the traditional account of republican ideology as the single dominant framework for eighteenth-century American political thought. Understanding the emerging federal ideology returns constitutional thought to the central place that it occupied for the founders. Federalism was not a necessary adaptation to make an already designed system work; it was the system. Connecting the colonial, revolutionary, founding, and early national

periods in one story reveals the fundamental reconfigurations of legal and political power that accompanied the formation of the United States. The emergence of American federalism should be understood as a critical ideological development of the period, and this book is essential reading for everyone interested in the American story.

The United States Constitution Jonathan Hennessey 2008-10-14 An introduction to the United States Constitution, presented in graphic form, detailing important people and events in the creation of the founding document, its Preamble, and twenty-seven amendments.

She the People Jen Deaderick 2019-03-05 A sweeping, smart, and smart-ass graphic history of women's ongoing quest for equality In March 2017, Nevada surprised the rest of America by suddenly ratifying the Equal Rights Amendment-thirty-five years after the deadline had passed. Hey, better late than never, right? Then, lo and behold, a few months later, Illinois followed suit.

Hurrah for the Land of Lincoln! That left the ERA just one state short of the congressional minimum for ratification. One state--and a legacy of shame--are what stand between American women and full equality. She the People takes on the campaign for change by offering a cheekily illustrated, sometimes sarcastic, and all-too-true account of women's evolving rights and citizenship. Divided into twelve historical periods between 1776 and today, journalist, historian, and activist Jen Deaderick takes readers on a walk down the ERA's rocky road to become part of our Constitution by highlighting changes in the legal status of women alongside the significant cultural and social influences of the time, so women's history is revealed as an integral part of U.S. history, and not a tangential sideline. Clever and dynamic, She the People is informative, entertaining, and a vital reminder that women still aren't fully accepted as equal citizens in America.

The Creation of the U.S. Constitution

the-creation-of-the-us-constitution-graphic-history

Michael Burgan 2006-07 Tells the story of the debates, disagreements, and compromises that led to the formation of the U.S. Constitution during the Constitutional Convention of 1787.

The Federalist Papers Alexander Hamilton

2018-08-20 Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James

Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

America's Constitution Akhil Reed Amar
2012-02-29 In America's Constitution, one of this era's most accomplished constitutional law scholars, Akhil Reed Amar, gives the first comprehensive account of one of the world's great political texts. Incisive, entertaining, and occasionally controversial, this "biography" of America's framing document explains not only what the Constitution says but also why the

Constitution says it. We all know this much: the Constitution is neither immutable nor perfect. Amar shows us how the story of this one relatively compact document reflects the story of America more generally. (For example, much of the Constitution, including the glorious-sounding "We the People," was lifted from existing American legal texts, including early state constitutions.) In short, the Constitution was as much a product of its environment as it was a product of its individual creators' inspired genius. Despite the Constitution's flaws, its role in guiding our republic has been nothing short of amazing. Skillfully placing the document in the context of late-eighteenth-century American politics, America's Constitution explains, for instance, whether there is anything in the Constitution that is unamendable; the reason America adopted an electoral college; why a president must be at least thirty-five years old; and why—for now, at least—only those citizens who were born under the American flag can

become president. From his unique perspective, Amar also gives us unconventional wisdom about the Constitution and its significance throughout the nation's history. For one thing, we see that the Constitution has been far more democratic than is conventionally understood. Even though the document was drafted by white landholders, a remarkably large number of citizens (by the standards of 1787) were allowed to vote up or down on it, and the document's later amendments eventually extended the vote to virtually all Americans. We also learn that the Founders' Constitution was far more slavocratic than many would acknowledge: the "three fifths" clause gave the South extra political clout for every slave it owned or acquired. As a result, slaveholding Virginians held the presidency all but four of the Republic's first thirty-six years, and proslavery forces eventually came to dominate much of the federal government prior to Lincoln's election. Ambitious, even-handed, eminently accessible, and often surprising,

America's Constitution is an indispensable work, bound to become a standard reference for any student of history and all citizens of the United States.

Creation of the U.s. Constitution Blake A. Hoena 2007 Tells the story of the debates, disagreements, and compromises that led to the formation of the U.S. Constitution during the Constitutional Convention of 1787. Written in graphic-novel format.

The Negro Motorist Green Book Victor H. Green The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your

fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

The U.S. Constitution Christine Peterson
2008-09-01 "In cartoon format, explains how the U.S. Constitution was created, how it has been amended, and why it is still important today"--
Provided by publisher.

United States Senate Catalogue of Graphic Art 2006

Lies My Teacher Told Me James W. Loewen
2008 Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

Benjamin Franklin Kay Melchisedech Olson 2006
"In graphic novel format, tells the life story of American statesman and inventor Benjamin Franklin"--Provided by publisher.

Fun Home Alison Bechdel 2007 A memoir done in the form of a graphic novel by a cult favorite comic artist offers a darkly funny family portrait that details her relationship with her father--a funeral home director, high school English teacher, and closeted homosexual.

Fault Lines in the Constitution: The Graphic Novel Cynthia Levinson 2020-09-22 The latest volume in our World Citizen Comics graphic novel series, *Fault Lines in the Constitution* teaches readers how this founding document continues to shape modern American society. In 1787, after 116 days of heated debates and bitter arguments, the United States Constitution was created. This imperfect document set forth America's guiding principles, but it would also introduce some of today's most contentious political issues—from gerrymandering, to the Electoral College, to presidential impeachment. With colorful art, compelling discourse, and true stories from America's past and present, *Fault Lines in the Constitution: The Graphic Novel*

sheds light on how today's political struggles have their origins in the decisions of our Founding Fathers. Children's book author Cynthia Levinson, constitutional law scholar Sanford Levinson, and artist Ally Shwed deftly illustrate how contemporary problems arose from this founding document—and then they offer possible solutions.

The U.S. Emerges 1783-1800 Saddleback Educational Publishing 2010-09-01 Themes: Hi-Lo, graphic novel, us history. Fast-paced and easy-to-read, these graphic U.S. history titles teach student about key historical events in American history from 1500 to the present. Dramatic and colorful graphics highlights the text with easy transitions, which avoids a choppy narrative. These history titles offer a variety of rich material to support teaching to the standards. Book features include: Four-color throughout; speech bubbles and illustrations allow struggling readers multiple access points to the text; speech bubbles (in yellow) are

clearly separated from nonfiction (in blue). *Fault Lines in the Constitution* Cynthia Levinson 2017-09-01 Many of the political issues we struggle with today have their roots in the US Constitution. Husband-and-wife team Cynthia and Sanford Levinson take readers back to the creation of this historic document and discuss how contemporary problems were first introduced—then they offer possible solutions. Think Electoral College, gerrymandering, even the Senate. Many of us take these features in our system for granted. But they came about through haggling in an overheated room in 1787, and we're still experiencing the ramifications. Each chapter in this timely and thoughtful exploration of the Constitution's creation begins with a story—all but one of them true—that connects directly back to a section of the document that forms the basis of our society and government. From the award-winning team, Cynthia Levinson, children's book author, and Sanford Levinson, constitutional law scholar,

Fault Lines in the Constitution will encourage exploration and discussion from young and old readers alike.

The Constitution of the United States of America William Hickey 1854

Ratification Pauline Maier 2011-06-07 Drawing on the speeches and letters of the United States' founders, the author recounts the dramatic period after the Constitutional Convention and before the Constitution was finally ratified, describing the tumultuous events that took place in homes, taverns and convention halls throughout the colonies. By the author of American Scripture.

The Lewis and Clark Expedition Jessica Gunderson 2006-09 "In graphic novel format, tells the dramatic story of Lewis and Clark's exploration of the unmapped American West"-- Provided by publisher.

Constitution Illustrated R. Sikoryak 2021-04-09 The master of the visual mash-up returns with his signature idiosyncratic take on

the constitution R. Sikoryak is the master of the pop culture pastiche. In Masterpiece Comics, he interpreted classic literature with defining twentieth-century comics. With Terms and Conditions, he made the unreadable contract that everyone signs, and no one reads, readable. He employs his magic yet again to investigate the very framework of the country with Constitution Illustrated. By visually interpreting the complete text of the supreme law of the land with more than a century of American pop culture icons, Sikoryak distills the very essence of the government legalese from the abstract to the tangible, the historical to the contemporary. Among Sikoryak's spot-on unions of government articles and amendments with famous comic-book characters: the Eighteenth Amendment that instituted prohibition is articulated with Homer Simpson running from Chief Wiggum; the Fourteenth Amendment that solidifies citizenship to all people born and naturalized in the United States is personified by Ms. Marvel;

and, of course, the Nineteenth Amendment offering women the right to vote is a glorious depiction of Wonder Woman breaking free from her chains. American artists from George Herriman (Krazy Kat) and Charles Schulz (Peanuts) to Raina Telgemeier (Sisters) and Alison Bechdel (Dykes to Watch Out For) are homaged, with their characters reimagined in historical costumes and situations. We the People has never been more apt.

The Story of Jamestown Eric Mark Braun 2019-05-01 Tells the story of Jamestown, the first permanent English settlement in North America. Written in graphic-novel format.

American Politics Laura Locker 2018-09-06 Following in the footsteps of the highly successful *Queer: A Graphic History*, illustrator Jules Scheele teams up with Dr Laura Locker in this comic-book introduction to the political history of the Land of Opportunity. How did a political outsider like Trump win the 2016 presidential election? Why do some Americans

feel so strongly about gun rights? Is there a role for more than two political parties in the system? Politics isn't something that just occurs in the West Wing or the gleaming Capitol building - it comes from the interaction between state and society, the American people living their daily lives. In this unique graphic guide, we follow modern citizens as they explore everything from the United States' political culture, the Constitution and the balance of power, to social movements, the role of the media, and tensions over race, immigration, and LGBT rights. Step right up, and see what lies beneath the pageantry and headlines of this great nation.

The United States Constitution Jonathan Hennessey 2008 Covers each article and amendment of the Constitution in a graphic format designed to be relevant and accessible to modern readers.

Explicit and Authentic Acts David E. Kyvig 1996 "This book could not be more timely. Kyvig provides a rich and comprehensive history of the

politics and operation of the amending process. It deserves the attention of not only historians, political scientists, and legal scholars, but also those concerned with public affairs". -- david M. O'Brien, author of Storm Center: The Supreme Court in American Politics. "A lively challenge to traditional views". -- William Leuchtenburg, author of The Supreme Court Reborn.

The American Institute of Graphic Arts, Founded 1914 American Institute of Graphic Arts 1922
The Assassination of Abraham Lincoln Kay Melchisedech Olson 2005-01-01 In graphic novel format, tells the story of Abraham Lincoln's assassination and the escape and death of John Wilkes Booth.
