Greetings from E Street Robert Santelli 2006-09-28 Greetings from E Street celebrates the passionately loved group that has been entertaining the world for 35 years. Written with their cooperation, this fully illustrated informal biography combines rare photographs with 30 removable facsimiles of E Street memorabilia, including Bruce Springsteen's first business card and hand-written set list, and even two fabulous posters. Longtime band intimate Robert Santelli captures the ecstatic highs and devastating lows on the E Street Band's roller coaster ride to stardom. He follows the band from the early days in Asbury Park, New Jersey, to the critical acclaim of Born to Run, the mania of Born in the U.S.A. and international touring, and each member's unique projects. Throughout, the band's signature combination of friendship, humor, and stellar musicianship is revealed in stories, snapshots, and the ephemera of life of the road. Warm and personal, Greetings from E Street is a postcard from the most famous address in rock and roll.

Globalizing the student rebellion in the long '68 Andrés Payà Rico, 2018-09-28 This volume brings us closer to the dynamics of the educational world, especially students, from a wide range of national and regional scenarios, with a special focus on Europe and Latin America. In this way, a plural panorama is shown, in which the stories centered on the usual protagonists of the 1968 processes are accompanied by other scenarios, often considered secondary, but which this volume inserts in a more general story that helps us understand how the processes of the 60s were not concrete or national, but got an absolute regional and global significance. We see a complex process of transnational demand that ranged from Eastern Europe, included in the Soviet bloc, to the very heart of the Western Hemisphere, with the United States as the main axis, passing through the politically varied Western Europe, submitted to the same processes and cultural influences. In this sense, to the works that deal with the United States and France, are added others focused on Italy, Spain and Brazil, as priority focus areas, together with other European and Latin American landscapes: Great Britain, Portugal, Greece, Slovakia, Hungary, Chile, Uruguay and Mexico, without missing, in addition, the case of one of the most unique actors on the international scene: the State of Israel. With this volume, we want to continue advancing in the knowledge of the educational world of the second half of the 20th century. Great are the challenges of this world at the beginning of the 21st century and many of them were already evident in 1968. Others have materialized as a result of those events. To confront both of them, we must first identify and analyze them, as well as being aware of their magnitude. We hope that all this work can contribute to this aim.

Researching Audio Description Anna Matamala 2016-06-21 Audio description is one of the many services available to guarantee accessibility to audiovisual media. It describes and narrates images and sounds and resulting audio is then mixed with the original soundtrack. Audio description is a complex process that touches production, distribution and reception. Researching Audio Description: New Approachesgathers academic information and data from the many existing research projects, practices, and training across the world. The book has a telescopic approach, from two introductory chapters where accessibility in general is contextualised as a human right, and the basic concepts of disability and impairment are explored. Research on specific features for audio description script drafting are focused in the second part of the book, with a view to revising existing funded projects and their outcomes. The book offers a wealth of information on both the practical and philosophical, from different approaches in perception and cognition, and different research methodologies. Project information contained in the contributions identifies trends in current research-funded studies which will be valuable as a pointer towards future proposals. The book shows the dynamic state of audio description practice, training and research, while contributing towards the growing critical mass needed in building the field of accessibility studies.

Autobiography of Giuseppe Garibaldi Giuseppe Garibaldi 1889

The Sack of Rome Luigi Guicciardini 1993 On May 5, 1527 Spanish, German, and Italian troops under the banner of the Holy Roman Emperor swarmed into Rome. Until December, when they were finally dispersed by plague, these troops plundered, tortured, raped, and murdered in the defenseless capital of Christendom. "The sack of Rome in 1527 was an event of tragic and decisive importance. It brought the Renaissance, the greatest period in Italian history, to its sudden and catastrophic end. We are fortunate to possess many eyewitness accounts of this extraordinary event. Only one contemporary account, however, offers an overview of the political and military situation in Italy that culminated in the sack of Rome. That account is here translated for the first time." (Introduction) Illustrated, maps, introduction, glossary, afterword, bibliography.

Six Memos for the Next Millennium Italo Calvino 2013-04-04 Italo Calvino was due to deliver the Charles Eliot Norton lectures at Harvard in 1985-86, but they were left unfinished at his death. The surviving drafts explore of the concepts of Lightness, Quickness, Multiplicity, Exactitude and Visibility (Constancy was to be the sixth) in serious yet playful essays that reveal Calvino's debt to the comic strip and the folktale. With his customary imagination and grace, he sought to define the virtues of the great literature of the past in order to shape the values of the future. This collection is a brilliant précis of the work of a great writer whose legacy will endure through the millennium he addressed. Italo Calvino, one of Italy's finest postwar writers, has delighted readers around the world with his deceptively simple, fable-like stories. Calvino was born in Cuba in 1923 and raised in San Remo, Italy; he fought for the Italian Resistance from 1943-45. His major works include Cosmocomics (1968), Invisible Cities (1972), and If on a winter's night a traveler (1979). He died in Siena in1985, of a brain hemorrhage.

Flashbacks in Film Maureen Turim 2013-12-17 The flashback is a crucial moment in a film narrative, one that captures the cinematic expression of memory, and history. This author’s wide-ranging account of this single device reveals it to be an important way of creating cinematic meaning. Taking as her subject all of film history, the author traces out the history of the flashback, illuminating that history through structuralist narrative theory, psychoanalytic theories of subjectivity, and theories of ideology. From the American silent film era and the European and Japanese avant-garde of the twenties, from film noir and the psychological melodrama of the forties and fifties to 1980s art and Third World cinema, the flashback has interrogated time and memory, making it a nexus for ideology, representations of the psyche, and shifting cultural attitudes.

The Legacy of the Italian Resistance Philip Cooke 2013-05-15 In this rich and detailed interdisciplinary study, Philip Cooke explores the enduring and contested legacy of the Italian Resistance movement. This book scrutinizes the ambivalent and shifting attitudes toward the movement held by the major Italian political parties and the State, caught up as they were in an ambitious project to build a new nation out of the ruins of Fascism and the Second World War. Using a wide array of texts, Cooke bridges the gap between historical and cultural studies and shows how Italian politics, history, and culture have interacted over the long term. Fusing historical and cultural analysis, this is a unique contribution to our understanding of modern Italy.

A Civil War Claudio Pavone 2013-11-19 A Civil War is a history of the wartime Italian Resistance, recounted by a historian who took part in the struggle against Mussolini’s Fascist Republic. Since its publication in Italy, Claudio Pavone’s masterwork has become indispensable to anyone seeking to understand this period and its continuing importance for the nation’s identity. Pavone casts a sober eye on his protagonists’ ethical and ideological motivations. He uncovers a multilayered conflict, in which class antagonisms, patriotism and political ideals all played a part. A clear understanding of this complexity allows him to explain many details of the post-war transition, as well as the legacy of the Resistance for modern Italy. In addition to being a monumental work of scholarship, A Civil War is a folk history, capturing events, personalities and attitudes that were on the verge of slipping entirely out of recollection to the detriment of Italy’s understanding of itself and its past.

The New Science of Giambattista Vico Giambattista Vico 2016-04-15 A pioneering treatise that aroused great controversy when it was first published in 1725, Vico's New Science is acknowledged today to be one of the few works of authentic genius in the history of social theory. It represents the most ambitious attempt before Comte at comprehensive science of human society and the most profound analysis of the class struggle prior to Marx.

The Sleeping Dictionary Sujata Massey 2013-08-20 From an award-winning novelist, a stunning portrait of late Raj India—a sweeping saga and a love story set against a background of huge political and cultural upheaval. YOU ASK FOR MY NAME, THE REAL ONE, AND I CANNOT TELL. IT IS NOT FOR LACK OF EFFORT. In 1930, a great ocean wave blots out a Bengali village, leaving only one survivor, a young girl. As a maidservant in a British boarding school, Pom is renamed Sarah and discovers her gift for languages. Her private dreams almost die when she arrives in Kharappur and is recruited into a secretive, decadent world. Eventually, she lands in Calcutta, renames herself Kamala, and creates a new life rich in books and friends. But although success and even love seem within reach, she remains trapped by what she is . . . and is not. As India struggles to throw off imperial rule, Kamala uses her hard-won skills—for secrecy, languages, and reading the unspoken gestures of those around her—to fight for her country’s freedom and her own happiness.

Partisan Diary Ada Gobetti 2014 Ada Gobetti's Partisan Diary is both diary and memoir. From the German entry into Turin on 10 September 1943 to the liberation of the city on 28 April 1945, Gobetti recorded an almost daily account of events, sentiments, and personalities, in a cryptic English only she could understand. Italian senator and philosopher Benedetto Croce encouraged Ada to convert her notes into a book. Published by the Italian publisher Giulio Einaudi in 1956, it won the Premio Prato, an annual prize for a work inspired by the Italian Resistance (Resistenza). From a political and military point of view, the Partisan Diary provides firsthand knowledge of how the partisans in Piedmont fought, what obstacles they encountered, and who joined the struggle against the Nazis and the Fascists. The mountainous terrain and long winters of the Alpine regions (the site of many of their battles) and the ever-present threat of reprisals by German occupiers and their fascist partners exacerbated problems of organization among the various partisan groups. So arduous was their fight, that key military events--Italy's declaration of war on Germany, the fall of Rome, and the Allied landings on D-Day --appear in the diary as remote and almost unrelated incidents. Ada Gobetti writes of the heartbreak of mothers who lost their sons or watched them leave on dangerous missions of sabotage, relating it to worries about her own son Paolo. She reflects on the relationship between anti-fascist thought of the 1920s, in particular the ideas of her husband, Piero Gobetti, and the Italian resistance movement (Resistenza) in which she and her son were participating. While the Resistenza represented a culmination of more than twenty years of anti-fascist activity for Ada, it also helped illuminate the exceptional talents, needs, and rights of Italian women, more than one hundred thousand of whom participated.

State Martyr Baldassare Scolari 2019-06 Der Politiker Aldo Moro wurde 1978 von der terroristischen Organisation "Rote Brigaden"

entführt und getotet. Im Verlauf der Ereignisse stilisierten die Medien Moro zum "Staatsmartyrer". Der Band geht der hochaktuellen Frage nach, welche Rolle das ursprünglich christliche Konzept des Martyrers in der Spannung zwischen demokratischem Staat und Terrorismus spielt. Was leistet dieser Begriff aus der christlichen Antike im modernen gesellschaftspolitischen Diskurs? Welche Veränderungen hat der Terminus "Martyrer" in der Europäischen Religions- und Kulturgeschichte durchgemacht? Anhand von medialen Quellen zum Fall Moro wird eine wesentliche Phase der nachkriegszeitlichen Politik in Italien rekonstruiert. Die Studie eröffnet einen interdisziplinär angelegten theoretischen Horizont, um die Rolle religiöser Motive im gesellschaftspolitischen Kontext zu verstehen. Sie bringt eine zentrale neue Dimension in die Sakularisierungsdebatte ein, bei der Sakularisierung als neue Konfiguration von Politik und Religion verstanden wird.

Reading Nietzsche Mazzino Montinari 2003 An important figure in the development of Nietzsche scholarship, Mazzino Montinari (1928-86) dedicated himself to the detailed study of the philosopher's writings. This lifetime of scholarship crystallized in Montinari's work as coeditor of the critical edition of Nietzsche's collected writings. Reading Nietzsche, now available in English for the first time, is a group of essays that grew out of this monumental work. In Reading Nietzsche Montinari tackles such subjects as the relationship between Nietzsche and Wagner, early drafts of Thus Spoke Zarathustra, and the philosopher's reputation among the Nazis and Marxists of the 1930s and 1940s. He also deals authoritatively with a number of figures who have had an unfortunate influence upon the way Nietzsche has been understood, from the chief Nazi interpreter of Nietzsche, Alfred Bäumler, to the chief Marxist interpreter, Georg Lukàcs, to Nietzsche's sister, Elisabeth. *Trends in Contemporary Italian Narrative 1980-2007* Gillian Ania 2009-05-05 The ‘new Italian narrative’ that began to be spoken about in the 1980s was not associated with a single writer or movement but with an eclectic and varied production. The eight essays that make up this volume set out to give a flavour of the breadth and range of recent trends and developments. The collection opens with two essays on crime fiction. In the first, Luca Somigli examines novels dealing with topical issues or recent history and which reveal a strong indigenous and regional tradition, while in the second, Nicoletta McGowan discusses the particular case of a noir by Claudia Salvatori. They are followed by essays on two of Italy’s best-known contemporary writers: Marina Spunta’s essay explores the representation of space, place and landscape in the work of Gianni Celati and photographer Luigi Ghirri, while Darrell O’Connell analyses the fiction of Vincenzo Consolo, and his struggle to find a means of representing an ethical stance within fiction. Two essays then examine the role of the anthology for young writers: Charlotte Ross and Derek Duncan in the context of lesbian and gay writing, looking at identity politics and the problematics of categorization; Monica Jansen and Inge Lanslots in that of the “Young Cannibals”, and their often unsettling non-literary language and orientation towards cinema, pop music and slang. The penultimate essay, by Jennifer Burns, discusses the literature of migrants to Italy, focusing on questions of identity, memory, mobility and language, while the final contribution, by Gillian Ania, is a study of apocalypse and dystopia in contemporary writing, looking at novels by Vassalli, Capriolo, Avoledo and Pispisa. "This volume examines Italian narrative from the 1980s to the present, from the original viewpoint of genres, categories, trends, rather than author-based analyses. It highlights the innovations of the last twenty years, incorporating into the various themes well known writers like Consolo, Celati and Vassalli, with relative newcomers like Avoledo and Pispisa. The contributors to the volume, academics from the UK, Ireland, Canada, Belgium, cover a wide range of themes which have come to the fore during this period, ranging from detective stories (both the giallo and the noir) to lesbian and gay writing, to immigration literature in Italian, to the study of apocalypse and dystopia. The themes are contextualized in the socio-political and cultural changes taking place in Italy, and parallel to this the temporal moments of the narratives are in turn related to their historical realities. This is a richly woven account which presents post '80s Italian narrative from a new and stimulating angle, in eight lucid and informative essays which will be welcomed by all those interested in contemporary fiction in its cultural context." —Professor Anna Laura Lepschy, Department of Italian, University College London

Her father, L.B., lived through the Years of Lead, a time of unrest when extreme factions of left and right took hostages, set bombs and murdered their countrymen. Unable to move on before she can understand her family's past, she goes in search of him - and ultimately of herself too - the only way she knows how, by reading everything she can ... Through her search for the truth, a very different picture starts to emerge.

Writing Migration through the Body Emma Bond 2018-09-05 Writing Migration through the Body builds a study of the body as a mutable site for negotiating and articulating the transnational experience of mobility. At its core stands a selection of recent migration stories in Italian, which are brought into dialogue with related material from cultural studies and the visual arts. Occupying no single disciplinary space, and drawing upon an elaborate theoretical framework ranging from phenomenology to anthropology, human geography and memory studies, this volume explores the ways in which the skin itself operates as a border, and brings to the surface the processes by which a sense of place and self are described and communicated through the migrant body. Through investigating key concepts and practices of transnational embodied experience, the book develops the interpretative principle that the individual bodies which move in contemporary migration flows are the primary agents through which the transcultural passages of images, emotions, ideas, memories – and also histories and possible futures – are enacted.

The Red Horse Eugenio Corti 2017-07-17 A literary phenomenon in Italy, this European best-seller was voted the best Italian novel of the decade in a public survey. Its success has gone way beyond Italy, having been translated into Spanish, French, Japanese and 3 other languages. This epic historical novel about World War II and after, written from the author's own personal experiences as an Italian Freedom Fighter, is a profoundly moving account of the war, those who fought in it on both sides, and the effects the war had on families in the author's hometown in northern Italy. On a wider scale, it is a faithful witness to the actual events of the war-including the historic personages who appear, the Russian campaign, the Nazi barbarism, the Communist gulag, the North Italian resistance, and beyond to the political life in the two decades after the war. This world, filled with powerful personalities, drama and clashing armies, bathes in the complex light of the truth. A truly great historical novel with its epic scope, what makes this a masterpiece is the underlying spiritual dimensions of the protagonist, his family and friends, which illuminates the ongoing tragedy of the war and its aftermath. In the end, it is a story of faith and hope in a world reduced to barbarism and cruelty.

Music and Translation Lucile Desblache 2019-06-04 This book explores how transformations and translations shape musical meanings, developments and the perception of music across cultures. Starting with the concept of music as multimodal text, the author understands translation as the process of transferring a text from one language – verbal or not – into another, interlingually, intralingually or intersemiotically, as well as the products that are derived from this process. She situates music and translation within their contemporary global context, examining the tensions between local and global, cosmopolitan and national, and universal and specific settings, to arrive at a celebration of the translational power of music and an in-depth study of how musical texts are translated. This book will be of interest to translation studies scholars who want to broaden their horizons, as well as to musicians and music scholars seeking to understand how cultural exchange and dissemination can be driven by translation.
