MWF Seeking BFF Rachel Bertsche 2011-12-20 When Rachel Bertsche first moves to Chicago, she’s thrilled to finally share a zip code, let alone an apartment, with her boyfriend. But shortly after getting married, Bertsche realizes that her new life is missing one thing: friends. Sure, she has plenty of BFFs—in New York and San Francisco and Boston and Washington, D.C. Still, in her adopted hometown, there’s no one to call at the last minute for girl talk over brunch or a reality-TV marathon over a bottle of wine. Taking matters into her own hands, Bertsche develops a plan: She’ll go on fifty-two friend-dates, one per week for a year, in hopes of meeting her new Best Friend Forever. In her thought-provoking, uproarious memoir, Bertsche blends the story of her girl-dates (whom she meets everywhere from improv class to friend rental websites) with the latest social research to examine how difficult—and hilariously awkward—it is to make new friends as an adult. In a time when women will happily announce they need a man but are embarrassed to admit they need a BFF, Bertsche uncovers the reality that no matter how great your love life is, you’ve gotta have friends.

Loved Tales James Henry 2001-07-26 Throughout his life, Henry James was drawn to the short story form for the freedom and variety it offered. The nineteen stories in this selection span James's career, from brief tales to longer works, all exploring his concerns with the old world and the new, money, fame and art. 'Daisy Miller', the work that first brought him fame, depicts a bold, unsophisticated American girl abroad, and 'In the Cage' portrays a young telegraphist's romantic fantasies about customers who send telegrams from her post office. In 'The Birthplace' a Stratford tour guide embellishes the Shakespeare legend, while in the late masterpiece 'The Jolly Corner', an elderly American returns from Europe and encounters a strange apparition. Haunting, witty and beautifully drawn, James's tales are as complex and resonant as his novels.

F*ck Him! - Nice Girls Always Finish Single - A Guide for Sassy Women Who Want to Get Back in Control of Their Love Life Brian Keephemattacted 2016-10 The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if they'd said, "Well, f*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them...just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's his! He needs to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, I'm sure you've already met women who are good at manipulating their men. Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?!" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. By the time you've finished this book, this will all be part of your past. Are you ready? Then hit the buy button at the top of this page and start your high value woman journey right away!

Men Who Hate Women and the Women Who Love Them Susan Forward 2011-07-20 Is this the way love is supposed to feel? • Does the man you love assume the right to control how you live and behave? • Have you given up important activities or people to keep him happy? • Is he extremely jealous and possessive? • Does he switch from charm to anger without warning? • Does he belittle your opinions, your feelings, or your accomplishments? • Does he withdraw love, money, approval, or sex to punish you? • Does he blame you for everything that goes wrong in the relationship? • Do you find yourself “walking on eggs” and apologizing all the time? If the questions here reveal a familiar pattern, you may be in love with a misogynist — a man who loves you, yet causes you tremendous pain because he acts as if he hates you. In this superb self-help guide, Dr. Susan Forward draws on case histories and the voices of men and women trapped in these negative relationships to help you understand your man's destructive pattern and the part you play in it. She shows how to break the pattern, heal the hurt, regain your self-respect, and either rebuild your relationship or find the courage to love a truly loving man. BONUS: This edition contains an excerpt from Susan Forward's Toxic Parents. **Think Like a Guy** Giuliana Depandi 2006-06-27 How are you going to snag one if you don't know how to...Think Like a Guy? E! News anchor Giuliana DePandi knows that if you want a little piece of his heart, you're going to have to learn to get into his head--and she shares her knowledge as an on-the-town dater in L.A. into this funny but oh-so-practical and effective volume. DePandi knows what it's like "out there", and has done extensive field work to learn what turns guys off...and on. Here's a pop quiz: Should you ...mention your mom on a first date? ...cook a guy breakfast after your first sleepover at his place? ...pick at your food when he takes you to dinner? ...tell him how many lovers you've had before he came along? ...leave him long voicemails if you can't reach him on the phone? The resounding answer to all the questions above, according to DePandi, is: NO! You should, in fact, be busy and breezy, offer to pay for dinner, leave short voicemails (and none at all if you don't have anything concrete to say), stay well-dressed and -groomed, and make your guy feel like he's the first to introduce you to anything kinky in bed. Think Like a Guy is a hard-headed practical book for women who acknowledge that men and women simply think differently.

Never Chase Men Again Bruce Bryans 2015-06-06 Discover How to Get the Guy You Want and Avoid Dead-End Relationships If a man doesn't take you seriously he may feel compelled to have a good time with you. However, while this is partially true, being confident, at least in regards to making a man pursue you, is pointless without understanding how to apply that confidence in various dating situations when dealing with men. A woman's confidence is communicated to a man by what she stands for and what she doesn't. Being able to confidently socialize with men, having confident body

language, and illustrating confidence in your femininity will only go so far if you still allow men to have their way with your emotions, time, affections, body, and anything else for that matter. Self-confidence makes a woman more attractive, but unless it effects how she enforces her personal boundaries it won't! do anything to keep a man interested in her for the long-term. Blue Ball Syndrome John E Bell 2011-10 The term blue ball syndrome is a unique new term in evaluating relationships today. However, the effects of Blue Ball syndrome in relationships have been around for generations. If you ever had a sense of loneliness in your relationship or even a yearning to have a hiatus from your relationship as a consequence of not being appreciated in your relationship and no relief was in sight, then you may be experiencing blue ball syndrome. This book seeks to ask the question, what happens to the passion of life with the one you love when enjoyment of life ceases to exist with them? Furthermore, how does the experience of being desired and sexy turns into the chaos of frustration from the one you never expected? It has been said that the loneliest existence is to be with the one you love and yet feel abandoned when your significant other is around. This is very real in many couples lives today. This book is based on a three year evaluation voluntary study of couples from all walks of life, nationalities, careers and even the oldest known profession, prostitution. I felt to be honest with this book, I had to ask all people of various backgrounds, religions and occupations to reach the human psychological struggle of infidelity in current modern day relationships. It seems that blue ball syndrome occurs more than many people would care to admit. It may also identify the notion why prostitution or women and men who love spontaneous sexual one night stands are ravenous creatures of innate passion urge that are normal and not a deviant instinct from human nature itself. The book, Blue Ball Syndrome: Why Ordinary People Become Sexual Players, is controversial, defiant of religious, cultural opinion and informing to those who may wonder why it is not wealth, beauty or educational status that drives sexual passion. Read why ordinary people and not just political, sport and Hollywood celebrities can eventually become sexual players in the book, "Blue Ball Syndrome Why Ordinary People become Sexual Players."

Disalienation Camille Robcis 2021-05-10 From 1940 to 1945, forty thousand patients died in French psychiatric hospitals. The Vichy regime’s “soft extermination” let patients die of cold, starvation, or lack of care. But in Saint-Alban-sur-Limagnole, a small village in central France, one psychiatric hospital attempted to resist. Hoarding food with the help of the local population, the staff not only worked to keep patients alive but began to rethink the practical and theoretical bases of psychiatric care. The movement that began at Saint-Alban came to be known as institutional psychotherapy and would go on to have a profound influence on postwar French thought. In Disalienation, Camille Robcis grapples with the historical, intellectual, and psychiatric meaning of the ethics articulated at Saint-Alban by exploring the movement’s key thinkers, including François Tosquelles, Frantz Fanon, Félix Guattari, and Michel Foucault. Anchored in the history of one hospital, Robcis’s study draws on a wide geographic context—revolutionary Spain, occupied France, colonial Algeria, and beyond—and charts the movement’s place within a broad political-economic landscape, from fascism to Stalinism to postwar capitalism.

The Modern Break-Up Daniel Chidiac 2019-08-13 "When it comes to dating, I seem to be going around in a circle. The ones I want don't want me, and the ones who want me, I don't want." -Amelia "I don't know, I just think there's too much miscommunication between guys and girls. I mean, no one knows what the fuck is going on. We need to have the discussion. We need to vent it and get it out in the open," I said, grabbing my drink from the bedside table. _____ sat on the edge of the bed and put his shirt back on. "What do you want to know?" "I just want to know what guys are thinking. I mean we have sex and stuff and nothing lasting ever comes of it," I said, taking a cigarette out and lighting it. I knew I shouldn't be smoking in the room, but I was too drunk to care. "I don't think I should say. We don't know everything girls are thinking. I think some things are better left unsaid." "I want to know. I'd prefer shit to be clearer, because I'm always confused," I replied. I could tell he was still a bit sexually frustrated, but he seemed okay to chat. "Go ahead then, ask what you want. I'll try give it to you as straight as I can. But don't hate the messenger," _____ responded, taking the champagne from my hand and having some. "I won't, promise. So why do guys act so interested and then not get in touch at all??" I asked. Excerpt taken from The Modern Break-Up.

Texts So Good He Can't Ignore Bruce Bryans 2018-05-02 What to Text Him Back to Keep Him Hooked and Make Him BEG to See You Again Did you know that men secretly use texting as a way to "pre-screen" a woman's romantic value? A woman's texting habits can reveal a lot about her self-worth, confidence, intelligence, and even her level of class and emotional maturity. Because guys covertly appraise a woman's relationship potential this way, many women often have no idea that the way they communicate via text is actually sending the wrong message and thus, they unknowingly end up chasing men away. How to Get a Man Without Getting Played Bruce Bryans 2017-05-09 How to Attract Men Worth Dating and Get the Guy You Really Want When it comes to finding a suitable mate for a passion filled, committed relationship, one of the things men want most in a woman is self-possession, or said another way, womanly poise. When high-quality men come across a woman with poise they crave her respect, her approval, and most importantly, her love. Men like this understand that a woman''s poise reflects her self-worth. And they know that a woman can only act with poise when she''s placed a higher importance on her dignity and well-being than she does on ANY man. It is this unique female attitude that drives a man wild with sustainable desire, the kind of desire that makes him eager to commit to a woman and claim her as his own. How to Attractively Set Standards with a Man and Make Him Want You Even More When a woman lacks poise she generally gives too much of herself, and usually at the most ineffective times when dating a man. She is too lenient with men in the beginning stages of a new romance, and she''s prone to compromising her standards just to keep a man in her life. Women like this unknowingly chase men, as they become frantic, frustrated, and foolhardy whenever the guy they want begins to pull away or lose interest in them. A woman with poise never chases or throws herself at a man, nor does she make things easy for him by clearing her schedule "just in case" he calls or comes around. Instead, a woman with poise maintains her mystery, sticks to her standards, and uses her feminine charms to invite men to either pursue her passionately or leave her alone. How to Date like a High-Value Woman and Be Irresistible to Mr. Right It''s easy to show class and character when things are going your way with a guy. But your ability to remain unfazed amid his disrespect or disinterest is what really helps him determine whether you are a high-value woman or not. A man will not always act in ways that are favorable to you. Sure, some men are scumbags, but not all men who act thoughtlessly towards you should be categorized this way. Therefore, if you want to separate the good guys from the time wasters it''s important to act with poise. This book was designed for women who want to go from being powerless to being irresistible to men. In it, you''ll discover the secrets to having more confidence and power with men and dating as you learn the beliefs, attitudes, dating rules, "love habits", and seduction secrets of the high-value woman. Here''s what you''re going to learn inside: What to say when you want to "slow things down" with a guy without losing his interest in you. The most seductive first date "good deed" that can CAPTURE a man''s desire and make him desperate to see you again. The #1 key to conquering a man''s heart during the early dating stages. (This is something most women only figure out after YEARS of painful trial and error.) How to get a boyfriend by avoiding a HUGE relationship-killing mistake most women make within the first few weeks of dating. The single most irresistible feminine attitude that easily overwhelms a man''s emotions and makes it IMPOSSIBLE for him to get you off his mind. How to get a man to treat you like a top priority (instead of his Plan B) once you start dating him. How to maintain the "Queen''s Composure" when men pull away and how to use it to make the good ones come RUNNING back to you. The "dating rules" high-value women use to quickly eliminate players and find Mr. Right. And much, much more... Would You Like to Know More? Get started right away and discover how to date like a high-value woman to get the guy you want without getting played. Scroll to the top of the page and select the "buy button" now.
